

Good Neighbor Food Drive: Terms & Conditions

Offer valid for new and existing Integrity Air customers. To qualify, the contract must be signed or the repair performed between **October 1 and November 13, 2026**.

Donation required. Each discount requires a donation of non-perishable, unexpired food items. One bag is required per invoice, regardless of the number of units installed. All donations go to Portland Rescue Mission. Homemade, opened, or expired items can't be accepted.

How donations are collected:

- Install customers will receive a bag during their in-home estimate. Fill it with at least 10 non-perishable, unexpired food items. Our crew will collect it on install day.
- Repair customers will get a reminder in their appointment confirmation text and again in the "we're on our way" text. Fill a standard grocery bag with at least 5 non-perishable, unexpired food items. Your technician will collect it at the end of the appointment.
- If the donation isn't ready at the time of install or repair, the discount will not apply.

\$500 off every new HVAC unit installed

Get \$500 off each new AC, furnace, heat pump, mini-split, or air handler installed. There's no limit on the number of units, but all units must be on the same contract/invoice. For example:

- A single-unit install gets \$500 off.
- A furnace and AC replaced together gets \$1,000 off.
- A 3-unit install gets \$1,500 off.

For mini-splits, the outdoor unit and first indoor head count as one unit (\$500 off). Each additional indoor head gets \$100 off. That means a 2-head system gets \$600 off, and a 3-head system gets \$700 off.

Accessories, coils, thermostats, and ductwork do not count as units. They are still eligible for the discount as part of the install's total cost.

\$50 off any HVAC repair

This discount applies to labor and/or parts on any HVAC repair service call. It does not apply:

- to the diagnostic/trip fee alone when no repair is performed
- to maintenance plans or tune-ups
- to repairs fully covered under warranty

The discount cannot exceed the repair total.

General terms

- Discounts apply to the cost of equipment and labor before applicable taxes.
- This offer can be combined with manufacturer discounts, energy rebates, utility credits, and other Integrity promotions.
- Discounts have no cash value and cannot be redeemed for cash or credit.
- Integrity Air reserves the right to modify or end this offer at any time.
